WORK EXPERIENCE

▶ Co-founder & CEO
CartShare, 2022 - Present

- Supervised and managed all accounting activities for the company, including the preparation of financial statements, tax reports, and cost analysis.
- Collaborated with the tech team in making data-driven strategic decisions.
- Oversaw the development of the company's short-term and long-term business plans, aligning them with the overall vision and objectives.

▶ Python and Game Design teacher
Algorithmics, 2022 - Present (Part-time)

- Fostered a collaborative learning environment, encouraging active participation and engagement among students.
- Developed and taught game design courses that covered the entire game development process, from concept ideation to final product creation.
- Continuously evaluated and adapted teaching methods to keep pace with the evolving field of game design, integrating emerging technologies and trends into the curriculum.

EDUCATION

▶ MICT SETA National Certificate information Technology (Systems Development)

WeThinkCode_, 2020 - 2022

- Peer-to-peer learning environment that was mostly self-learning. Worked on a variety of projects, learning Object-Oriented Programming, front-end to back-end web development, DevOps, and cloud platforms.

Tech proficiency

- Python
- Docker
- Git
- Java
- JavaScript
- SQL

▶ Certificate in Full-Stack Development

IXperience, 2019 - 2019

- Gained practical knowledge and hands-on experience.
- Equipped with the expertise needed to develop robust and dynamic applications across the full stack.

ADDITION PROGRAMS

▶ Boot Camp Volunteer

WeThinkCode_, 2021 - 2021

- As a dedicated volunteer at the Boot Camp, my role involved facilitating interactive sessions to help Boot Campers grasp the content they received, whether it was focused on pure Python or their specific course. Additionally, I had the responsibility of evaluating and providing constructive feedback on their group projects at the conclusion of each Boot Camp. By actively engaging with the participants and offering valuable insights, I aimed to support their learning journey and contribute to their overall growth and development.

▶ Volunteer Campus Assistant

WeThinkCode_, 2021 - 2022

- In my role, I actively contributed to the smooth operation of the campus by assisting with various essential tasks. This included conducting stocktaking, managing document sign-offs on behalf of the main team, and diligently observing and documenting areas that required attention or improvement throughout the Cape Town Campus.
- My commitment to professional responsibility ensures that I consistently fulfill these responsibilities with attention to detail and reliability, playing a crucial role in maintaining an organized and efficient environment.

▶ Participant in Seedstars & WeThinkCode Talent Incubation Program

WeThinkCode_, 2022 - 2022

- Through my participation in the Seedstars & WeThinkCode_ program, I have gained invaluable insights into launching tech-enabled business ventures. This immersive program is specifically designed to challenge developers like myself to delve into the intricacies of a successful business.
- By actively engaging in team building, fostering product ideation, and expanding my networking capabilities.
